LINGO MEDIA CORPORATION

Notes to Condensed Consolidated Interim Financial Statements

June 30, 2014

(Unaudited - See Notice to Reader)

1. CORPORATE INFORMATION

Lingo Media Corporation (“Lingo Media” or the “Company”) is a publicly listed company incorporated in Canada with limited liability under the legislation of the Province of Ontario and its shares are listed on the TSX Venture Exchange and inter-listed on the OTC Bulletin Board. The condensed consolidated interim financial statements of the Company for the period ended June 30, 2014 comprise the Company and its subsidiaries.

Lingo Media Corporation is an English as a Second Language (“ESL”) industry acquisition company in online and print-based education products and services. The Company is focused on English language learning (“ELL”) on an international scale through its four distinct business units: ELL Technologies Limited (“ELL Technologies”); ELL Technologies Ltd. (“ELL Canada”) Parlo Corporation (“Parlo”); Speak2Me Inc. (“Speak2Me”); and Lingo Learning Inc. (“Lingo Learning”). ELL Technologies is a globally-established ELL multi-media and online training company. Parlo is a fee-based online ELL training and assessment service. Speak2Me is a free-to-consumer advertising-based online ELL service in China. Lingo Learning is a print-based publisher of ELL programs.

The head office, principal address and registered and records office of the Company are located at 151 Bloor Street West, Suite 703, Toronto, Ontario, Canada, M5S 1S4.

2. BASIS OF PREPARATION

2.1 Statement of compliance and going concern

These condensed consolidated interim financial statements are unaudited and have been prepared in accordance with IAS 34 ‘Interim Financial Reporting’ (“IAS 34”) using accounting policies consistent with the International Financial Reporting Standards (“IFRS”) issued by the International Accounting Standards Board (“IASB”) and Interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”).

These condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities in the normal course of business. The Company has incurred significant losses recurring over the years. During the period ended June 30, 2014, the Company reported a net profit of \$164,767 (2013 – net loss of \$253,741). As at June 30, 2014, the Company had a working capital deficiency of \$475,856 (June 30, 2013 - \$918,136) and deficit of \$20,903,851 (June 30, 2013 - \$21,345,301). This raises significant doubt about the Company’s ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon raising additional financing through share issuance, borrowing, sales contracts and distribution agreements. There are no assurances that the Company will be successful in achieving these goals.

The condensed consolidated interim financial statements for the period ended June 30, 2014 were approved and authorized for issue by the board of directors on Aug 29, 2014.

2.2 Basis of measurement

These condensed consolidated interim financial statements have been prepared on the historical cost basis. The comparative figures presented in these condensed consolidated interim financial statements are in accordance with IFRS.

2.3 Basis of consolidation

The condensed consolidated interim financial statements comprise the financial statements of the Company and the entities controlled by the Company (i.e. subsidiaries) as at June 30, 2014. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies. All inter-group balances, transactions, unrealized gains and losses resulting from inter-group transactions and dividends are eliminated in full.

2. BASIS OF PREPARATION (Cont'd)

2.4 Functional and presentation currency

The functional currency is the currency of the primary economic environment in which the entity operates and has been determined for each entity within the Group. These consolidated financial statements are presented in Canadian Dollars, which is the Company's functional currency and presentation currency. The functional currency of Speak2Me Inc. is Chinese Renminbi ("RMB") and the functional currency of its ELL Technologies subsidiary is the United States Dollar ("USD").

The functional currency determinations were conducted through an analysis of the consideration factors identified in IAS 21, "The Effects of Changes in Foreign Exchange Rates".

3. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's condensed consolidated interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies, reported amounts of assets, liabilities and contingent liabilities, revenues and expenses at the date of the consolidated financial statements and during the reporting period.

Estimates and assumptions are continuously evaluated and are based on management's historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if the revision affects both current and future periods.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

- Determination of functional and presentation currency
- Determination of the recoverability of the carrying value of intangible assets and goodwill
- Determination of impairment loss
- Recognition of government grant and grant receivable
- Recognition of deferred tax assets
- Valuation of share-based payments
- Recognition of provisions and contingent liabilities

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied by the Company in these Condensed Consolidated Interim Financial Statements are the same as those applied by the Company in its Consolidated Financial Statements for the year ended December 31, 2013.

9. SHARE CAPITAL

a) Authorized

Unlimited number of preference shares with no par value

Unlimited number of common shares with no par value

b) Common shares - Transactions:

- (i) On March 4, 2011, the Company closed a non-brokered private placement financing of 2,500,000 units (each a "Unit") at \$0.60 per Unit and an over-allotment of 1,158,668 Units for gross proceeds of \$2,195,200 (the "Financing"). Each Unit is comprised of one common share (each a "Common Share") in the capital of the Company and one non-transferable common share purchase warrant (each a "Warrant"). Each Warrant entitles the holder to purchase one Common Share at an exercise price of \$0.75 per share until September 4, 2012.

The Warrants are callable, at the option of Lingo Media, after July 5, 2011 in the event its Common Shares trade at or over \$1.20 per share for 10 consecutive trading days. The number of Common Shares issuable pursuant to the Financing, if all Warrants are exercised, is 7,317,336 Common Shares for gross proceeds of \$4,939,201.

In connection with the Financing, the Company paid 7% finder's fee payable in cash (the "Cash Finder's Fee") or Units (the "Finder's Units") to eligible persons (the "Finders"), along with finder's warrants ("Finder's Warrants") equal to 6% of the Units placed by the Finder in the Financing. Each Finder Unit entitles the holder to one Common Share and one Warrant.

Each Finder's Warrant entitles the holder to acquire one Common Share of Lingo at \$0.60 until September 4, 2012. On closing, the Company issued 23,333 Finder's Units, 151,620 Finder's Warrants and paid a \$92,135 Cash Finder's Fee to the Finders. The Loan lenders waived their right to be repaid \$0.50 of every \$1.00 raised by Lingo Media through this financing.

In the absence of a reliable measure of the services received, the services have been measured at the value of the finder's warrants issued. The warrants were valued using the Black-Scholes pricing model using the following assumption: weighted average risk free interest rates of 1.78% weighted average expected dividend yields of NIL, the weighted average expected common stock price volatility (based on historical trading) of 83%, a forfeiture rate of zero, a stock price of \$0.72, and a weighted average expected life of 1.5 years.

On February 21, 2014, the expiry date of the Warrants was extended to March 4, 2016.

- (ii) On May 11, 2011, Lingo Media closed a non-brokered private placement financing of 1,875,000 units at \$0.60 per Unit for gross proceeds of \$1,125,000 (the "Second Financing"). Each Unit is comprised of one common share in the capital of the Company and one non-transferable common share purchase warrant. Each Warrant entitles the holder to purchase one Common Share at an exercise price of \$0.75 per share until November 11, 2012. The Warrants are callable, at the option of Lingo Media, after September 11, 2011 in the event its Common Shares trade at or over \$1.20 per share for 10 consecutive trading days.

In connection with the Second Financing, the Company agreed to pay a 7% Cash Finder's Fee along with Finder's Warrants equal to 6% of the Units placed by the Finder in the Financing. Each Finder's Warrant entitles the holder to acquire one Common Share of Lingo at \$0.60 until November 11, 2012. On closing, the Company issued 78,900 Finder's Warrants and paid a \$55,230 Cash Finder's Fee to the Finders. The lenders waived their right to be repaid \$0.50 of every \$1.00 raised by Lingo Media through this Second Financing. At December 31, 2012, the Finder's Warrants had expired.
